Panna. C.I.
13th March 1940.

My dear Prince,

I feel extremely distressed over the passing away of His deceased Highness the Yuvraja Sahib and with a heavy heart I send you my sincere condolence and profound sympathy. I looked upon him as an old and valued friend-relative.

May his noble soul rest peacefully and eternally in the bliss of Heaven; and may Almighty grant patience to you and the Royal family to bear away this lamentable shock with courage.

He in whom universal praise rested was invaluable and his sad demise to us means what our hearts weep out and no words can express.

However, to console you,"It is common all that lives must die passing through nature to eternity", & therefore, request you now to take heart among the bereaved family and be a boat in the ocean of grief.

With mourning duty, I remain,

Yours Affectionately,

Veer Chawan Panna.
